Efficacy

## Level of Award

Silver

## Supporting evidence

Moderate ESSA II Badge and Certificate from LXD Research

## Statement by EduEvidence's College of Reviewers

A Kent State University study of 1,183 Michigan students demonstrated that students taught with IMSE's Orton-Gillingham Plus (OG+) program showed significantly greater oral reading fluency gains, particularly in grades 1 and 3, compared to peers in standard literacy programs.

### Research partner:

LXD Research

### Validator:

WiKIT AS Services

EduEvidence considers impact in five areas: Efficacy, Effectiveness, Ethics, Equity and Environment.  
This certificate is valid until April 2027
