Equity

Level of Award

Gold

Supporting evidence

Documentation from BookSmart providing examples of engagement with diverse users and frameworks for addressing equity and inclusion, as well as documentation on the outcomes of past user feedback questionnaires and the success of local engagement events.

Statement by EduEvidence's College of Reviewers

BookSmart demonstrates policies to address bias, solicit and incorporate product feedback from multiple learner groups, provide contextual fit to diverse learning groups through language and content match, and work closely with local companies and community partners to provide an accessible product.

EduEvidence considers impact in five areas: Efficacy, Effectiveness, Ethics, Equity and Environment.
This certificate is valid until August 2027
